Subject: RE: CSD Logistical Call

1. Please forward this e-mail on to any other WDNR staff will be joining or are interested in participating

2. Number of WDNR and EPA staff attending the inspection: From Drinking Water and Groundwater: Laura Chern and Bruce Rheineck

3. WDNR/EPA meeting area prior to inspection: Let us know.

4. EPA checklist and questions WDNR may want to ask during the inspection: I can't think of any questions at this time. I am mostly interested in seeing the monitoring wells.

5. EPA walk-around – what does WDNR need to look at during the inspection: I would like to see all monitoring wells and stormwater infiltration ponds. I may measure depth of water in stormwater ponds and any ditches that are full.

6. EPA requested Documents – WDNR requested documents: None

7. Any other information that I may have missed. I would prefer to do the site walk around prior to meeting with the owners and their lawyers in the conference room on site. I don't know if I need to be present for a meeting between the owners and EPA. Thanks

We are committed to service excellence.
